Details zum Jobangebot

Are you passionate about e-Commerce, a self starter and interested to build on your digital experience and eCommerce background?

Join our industry leading e-Commerce team!

This role will be tasked with delivering best in class LEGO (online, mobile and omni-channel) shopper and consumer experiences in conjunction with the LEGO digital strategy. The objective is to put the shopper and consumer at the center, while driving engagement, conversions, revenue, profitability and a strong partnership with numerous retailers.

Your 4 core objectives are to improve LEGO across e-Commerce and media with regards to Findability, Viewability, Shoppability and Measureability. We are looking for someone who is an agent for change and who is able to conceptualize and implement innovation.

Your specific tasks include

- Innovation Scouting & Creation Stay in touch with trends in the retail industry (e-Commerce, Omnichannel and Brick&Mortar) to develop ideas, concepts, tests and scalable solutions to improve LEGO brand positioning and to deliver short and long term commercial success
- Promotional Planning & Implementation Plan and deploy performance marketing and drive period campaigns for LEGO on own and earned/negotiated third party media. Maintain and evolve dynamic advertising, campaign CMS tools, retail media group partnerships and data based advertising solution
- Merchandizing of the LEGO products and Brand You are responsible for how the LEGO Products and Brand are seen and perceived on retailer websites. Distribute and position assets, obtain space for our products, storytelling and offerings. Use toolboxes and guidelines to establish a strong foundation and use your creativity and skills to create unique consumer, shopper and user experiences
- Consistent Brand Execution Collaborate across the LEGO Group to ensure the consumer and shopper experience are consistent across all channels, touchpoints and geographies in delivering the LEGO Brand values. Utilize cross-functional insights and analytics to develop omni-channel shopper strategies that achieve excellent execution with consistency at all points of purchase.
- Brand deployment Use, develop and improve LEGO technology stack with partners to deploy and scale the utilization of impactful assets, driving novelty, awareness, engagement and conversion. Establish technology at retail partners to automate and simplify asset deployment and data exchange.
- Agency & Brand partnerships Work with existing and connect with leading agencies as well as retailers and other brands to execute on planned campaigns/promotions and to distill learnings and insights. Build pilots and scale solutions.

Challenges and Opportunities

You can be a key driver and play an important role in how the LEGO brand and play promise are being experienced across e-Commerce, m-Commerce and in other Sales Channels. Working on innovation, in a dynamic team and with the potential to learn, make this both fun and a challenge at the same time.

Do you have what it takes?

- Degree in Business, Marketing, Design or Information Technology (preferably Master)

- 5+ years working experience in e-Commerce or Omnichannel environment with a focus on driving innovation and solutions
- Proven track record in the area of technology, innovation or consumer & shopper engagement
- (Preferable) 2+ years in a performance marketing, omnichannel role or with agency (consumer package goods accounts)
- Experienced in project management and agile ways of working
- Known for creativity and getting things done
- Advanced solution selling skills, assertiveness
- Strong knowledge of Photoshop and MS-Office Suite
- Mobile first mindset
- Willingness to travel in order to visit customers and attend Key Account Events and Fairs
- Excellent German and strong English language skills (written & spoken)

Bringing it to Life

"Making technology tangible and invisible at the same time is a fun challenge at the core of what we do. Building solutions with and for our retail partners to position the LEGO Brand as an innovative and inspiring toy, gives us a great space to play with and be motivated by." (Channel Director e-Commerce)

Join the global LEGO® family

In the LEGO Group, we succeed together, and you will be part of a global family where you will collaborate across the LEGO Community. We look very much forward to reading your application - please use the APPLY NOW button above or below, and please remember to attach a current CV.
